WHAT WE DO

We help organizations **LEARN, EXECUTE** and **ACHIEVE**. We provide a pathway for organizations to **LEARN** the content they need to help move the needle forward, **EXECUTE** on their highest goals and priorities and **ACHIEVE** sustained success through our gamification platform.

BLAZE DIGITAL COMPASS™

THE TOOL/PROCESS

Our cutting-edge, cloud-based, mobile-enabled, gamified platform,

Our platform utilizes 5 key elements to transform any organizational priority into one of achievement and sustained growth.

These five elements are:

Inspire - Daily inspiration and a "push" SMS text messaging system to drive people to the platform

Educate - Microlearning videos targeted to create impactful weekly training.

Motivate - Leaderboards designed to showcase high achievement and drive the habits needed to achieve the goals that matter.

Apply - Without application, learning has little value. The gamification is designed to reward action and showcase each action taken to the entire team.

Sustain - The system is designed to create the habit of achievement through system usage.

Most content providers are content with a 20% usage rate, our platform typically delivers a 70% to 85% usage rate.
